BEST AVAILABLE COPY

Harry,

Thanks for the docket. I need you to freeze and an all Patent activities for PWC immediately until we can review everything internally.

I understand you have 3 patents completed and going out the door to the USPTO. If you have not send these yet, please freeze this as well.

If you could provide me an estimate for PWC patent expenses for the 3 you are about to send in and the other two you are still working on, I appreciate it. This will help us in our review.

Thanks
Brian
